Who Is First Tee?

For over 25 years, First Tee has been Building Game Changers by empowering kids and teens through the game of golf.

Founded in 1997, First Tee began as a partnership among the PGA TOUR, LPGA, Masters Tournament, PGA of America, and USGA to make golf affordable and accessible for all kids.

The organization launched a program focusing on both the game and a life skills curriculum that supported the development of values found within the game of golf, including honesty, integrity, perseverance and respect. This was a game changer – for the kids, and for the organization.

Today there are more than 150 First Tee chapters across the country and around the world, who serve millions of kids and teens each year.

// With First Tee, we're bringing a whole different group of people into the game – kids who have never played golf. And golf is not necessarily what we're trying to teach them. We're trying to teach them core values of life. //

– Jack Nicklaus, First Tee – Central Ohio Honorary Chairman

// This is a program that can make a real difference. These kids are going to be better people because of what First Tee has done, so I couldn't be happier to be part of the First Tee here in Central Ohio. //

– John McCoy, First Tee National Trustee and Central Ohio Native

Who We Are

First Tee – Central Ohio is a youth organization that promotes character development in kids and teens through the game of golf.

We enable kids to build the strength of character that empowers them through a lifetime of new challenges. By seamlessly integrating the game of golf with life skills curriculum, we create learning experiences that build inner strength, self-confidence, and resilience that kids carry to everything they do.

Building Game Changers

We deliver experiences to help kids and teens uncover what is inside them and work each day to become the best version of themselves.

Game Changers:

- Pursue goals
- Collaborate with others
- Grow through challenge
- Have positive self-identity
- Use good judgment

Our Impact

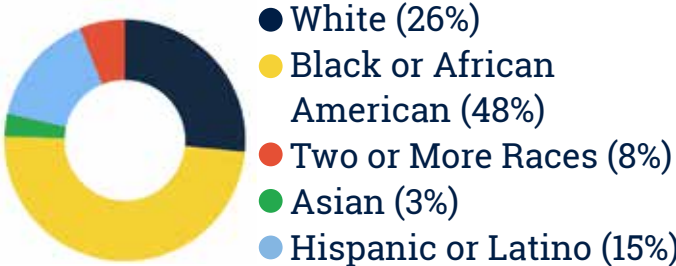

Over the past 12 months, we have reached **over 8,600 kids** and teens with life skills, golf instruction and safe places to learn and grow. We offered **56 onsite classes at six locations** in Columbus and the surrounding areas.

Our focus is on reaching kids in under-served communities who would otherwise not have been exposed to golf or aware of it as a potential extracurricular activity. We create equitable opportunities for as many children as possible to experience our programming by making financial aid available to everyone – no questions asked – and providing equipment for all participants.

“ It’s a lot of fun to be part of such a collaborative organization. I’ve learned so many lessons from First Tee about building a community and getting to know people on a personal level – golf is a way to do that in a very natural way. Those skills are going to continue with me when I go to Yale. ”

Grace, 17 – Ten year participant; Chosen for highly esteemed First Tee Game Changers Academy; earned full ride scholarship to Yale University

“ I learned more about life skills – especially sportsmanship and integrity – than golf, which is awesome to me. It shows First Tee is balanced between the golf side and the life skills side. ”

Jake, 18 – Ten year participant; Served as volunteer and intern, now going on to to play college golf; recipient of First Tee – Central Ohio’s Bob Morton and Jimmy Logan scholarships
